“That silence... is the
sound of a **missed**
Golden Time.”

Stagnation Despite Tech

With advanced
infrastructure, why are
response times failing?

1

Gaps on the Ground

View from the Fire Truck

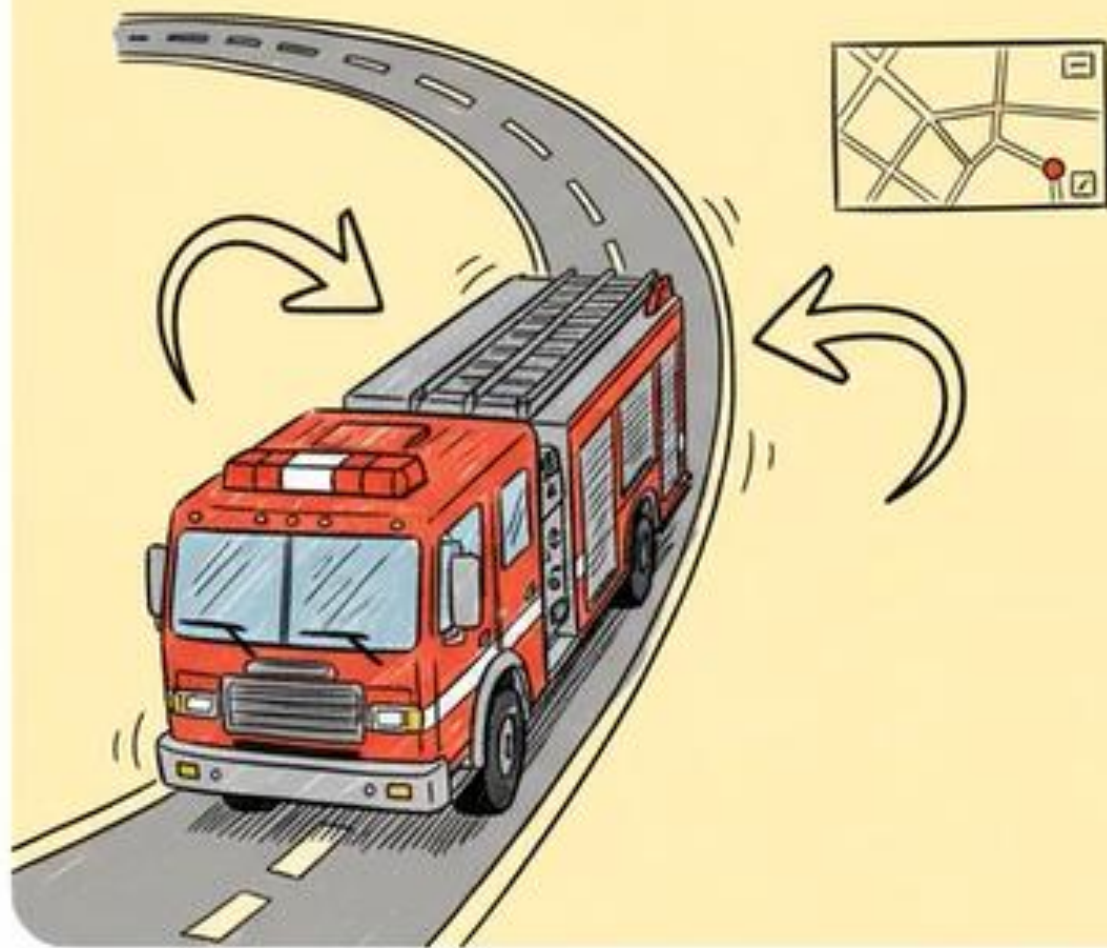

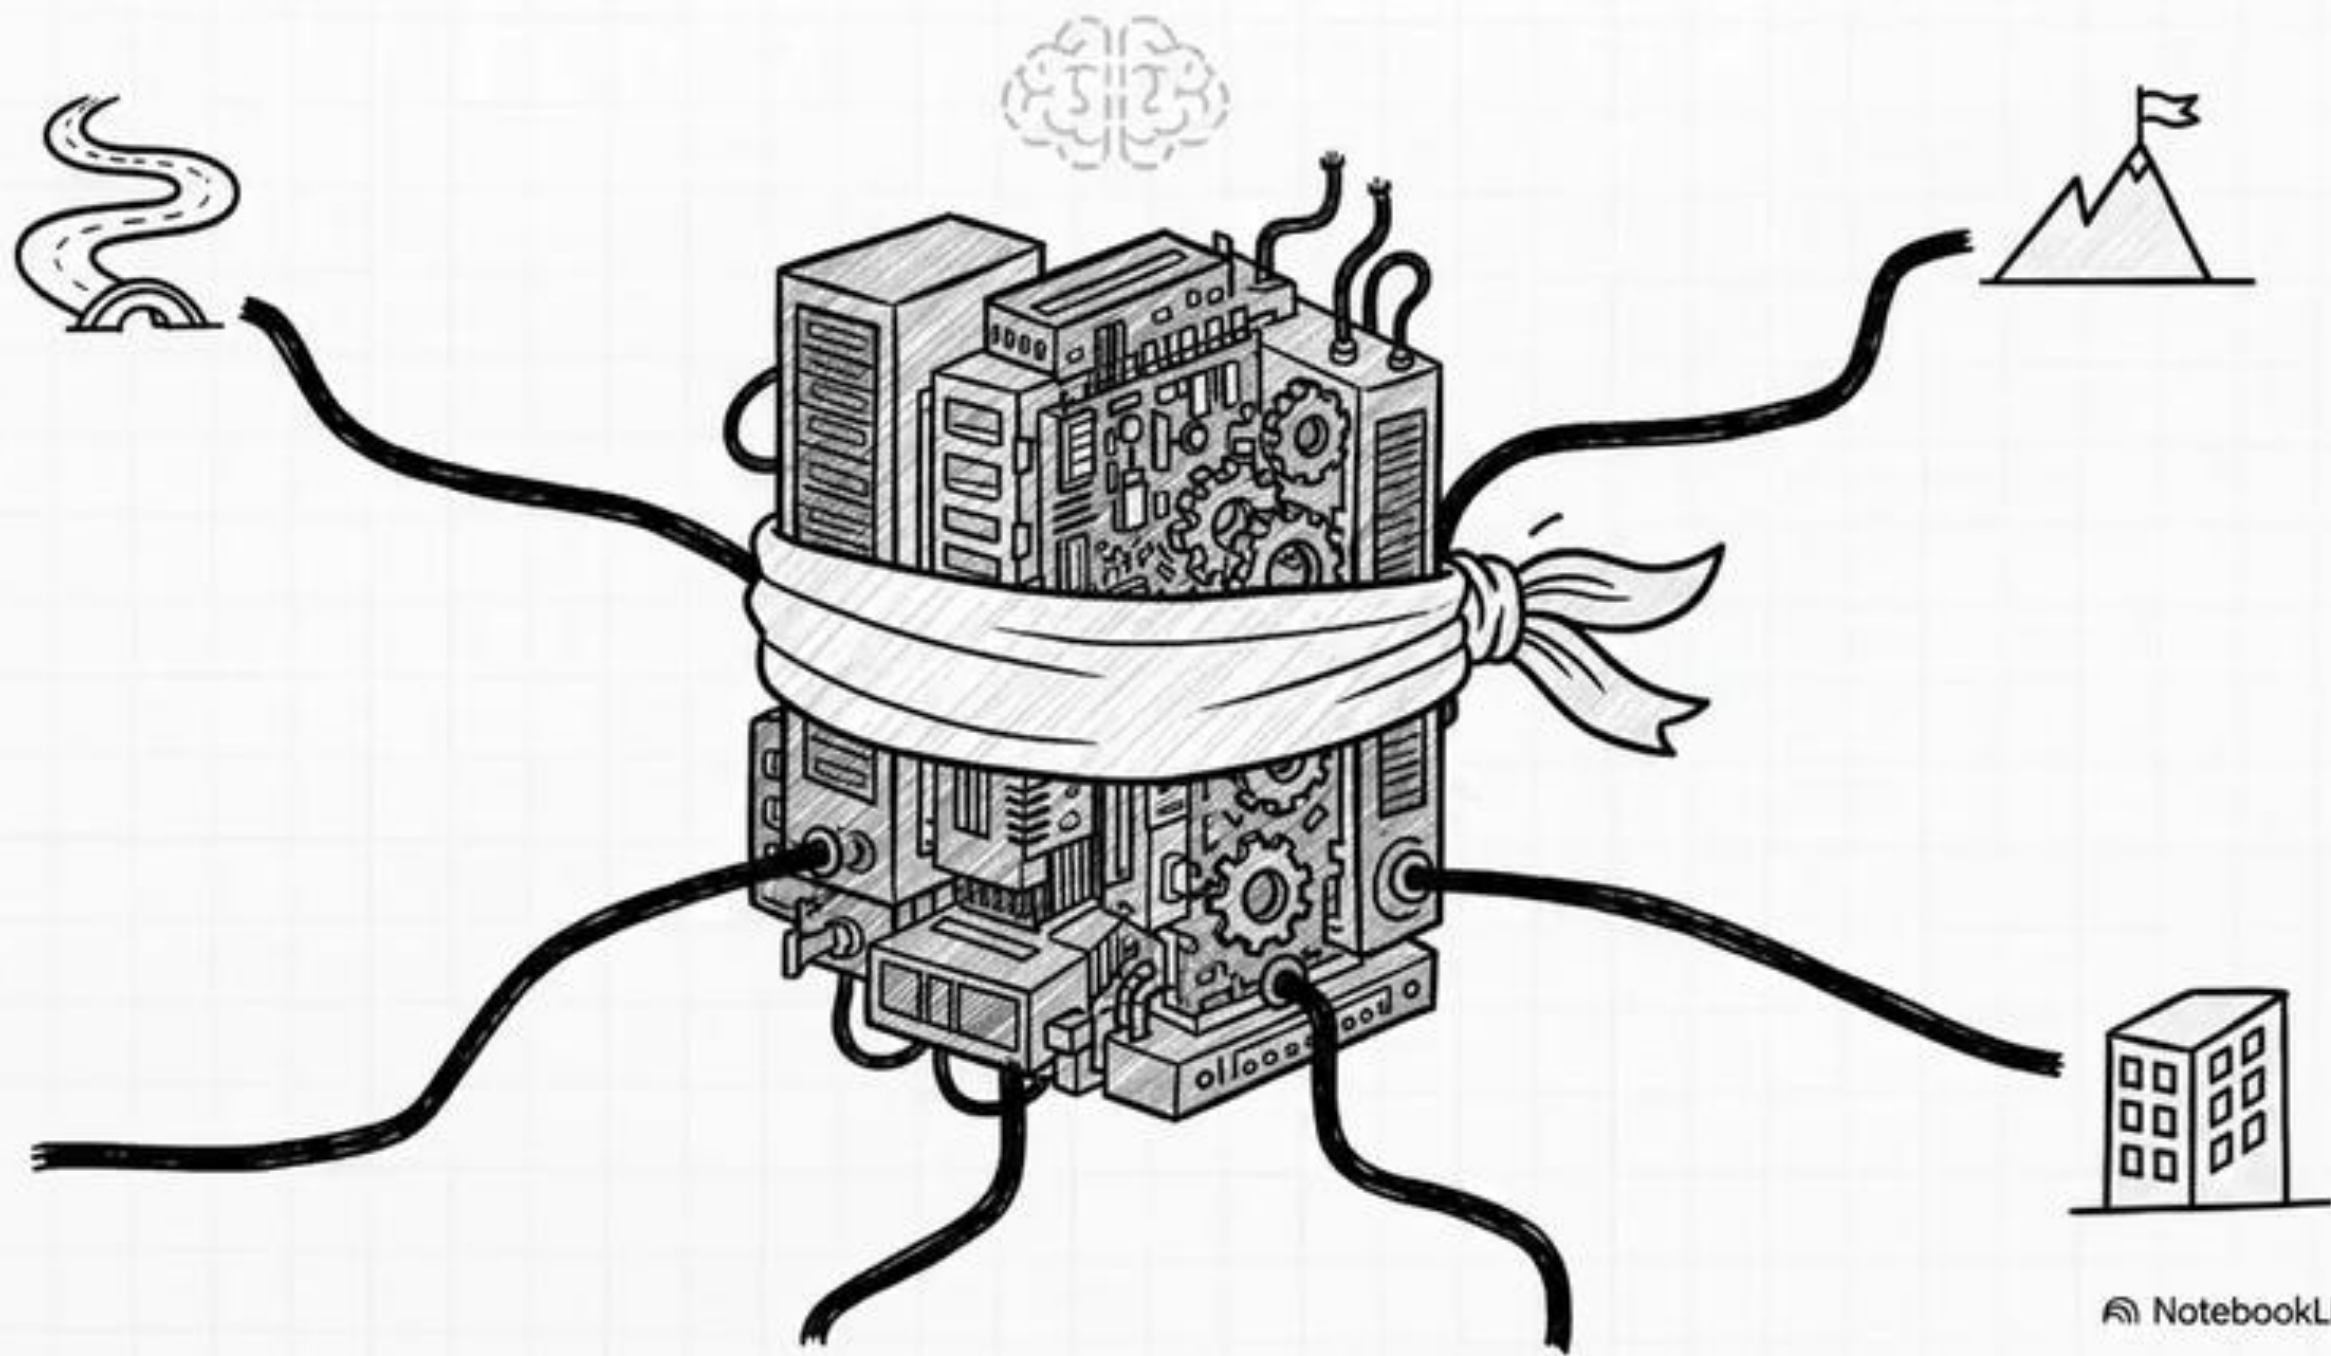

On the Ground Research

The Navigation Gap:

billions in hardware

2

The Sound of a Solution

Upgrading Intelligence

new approach

problem

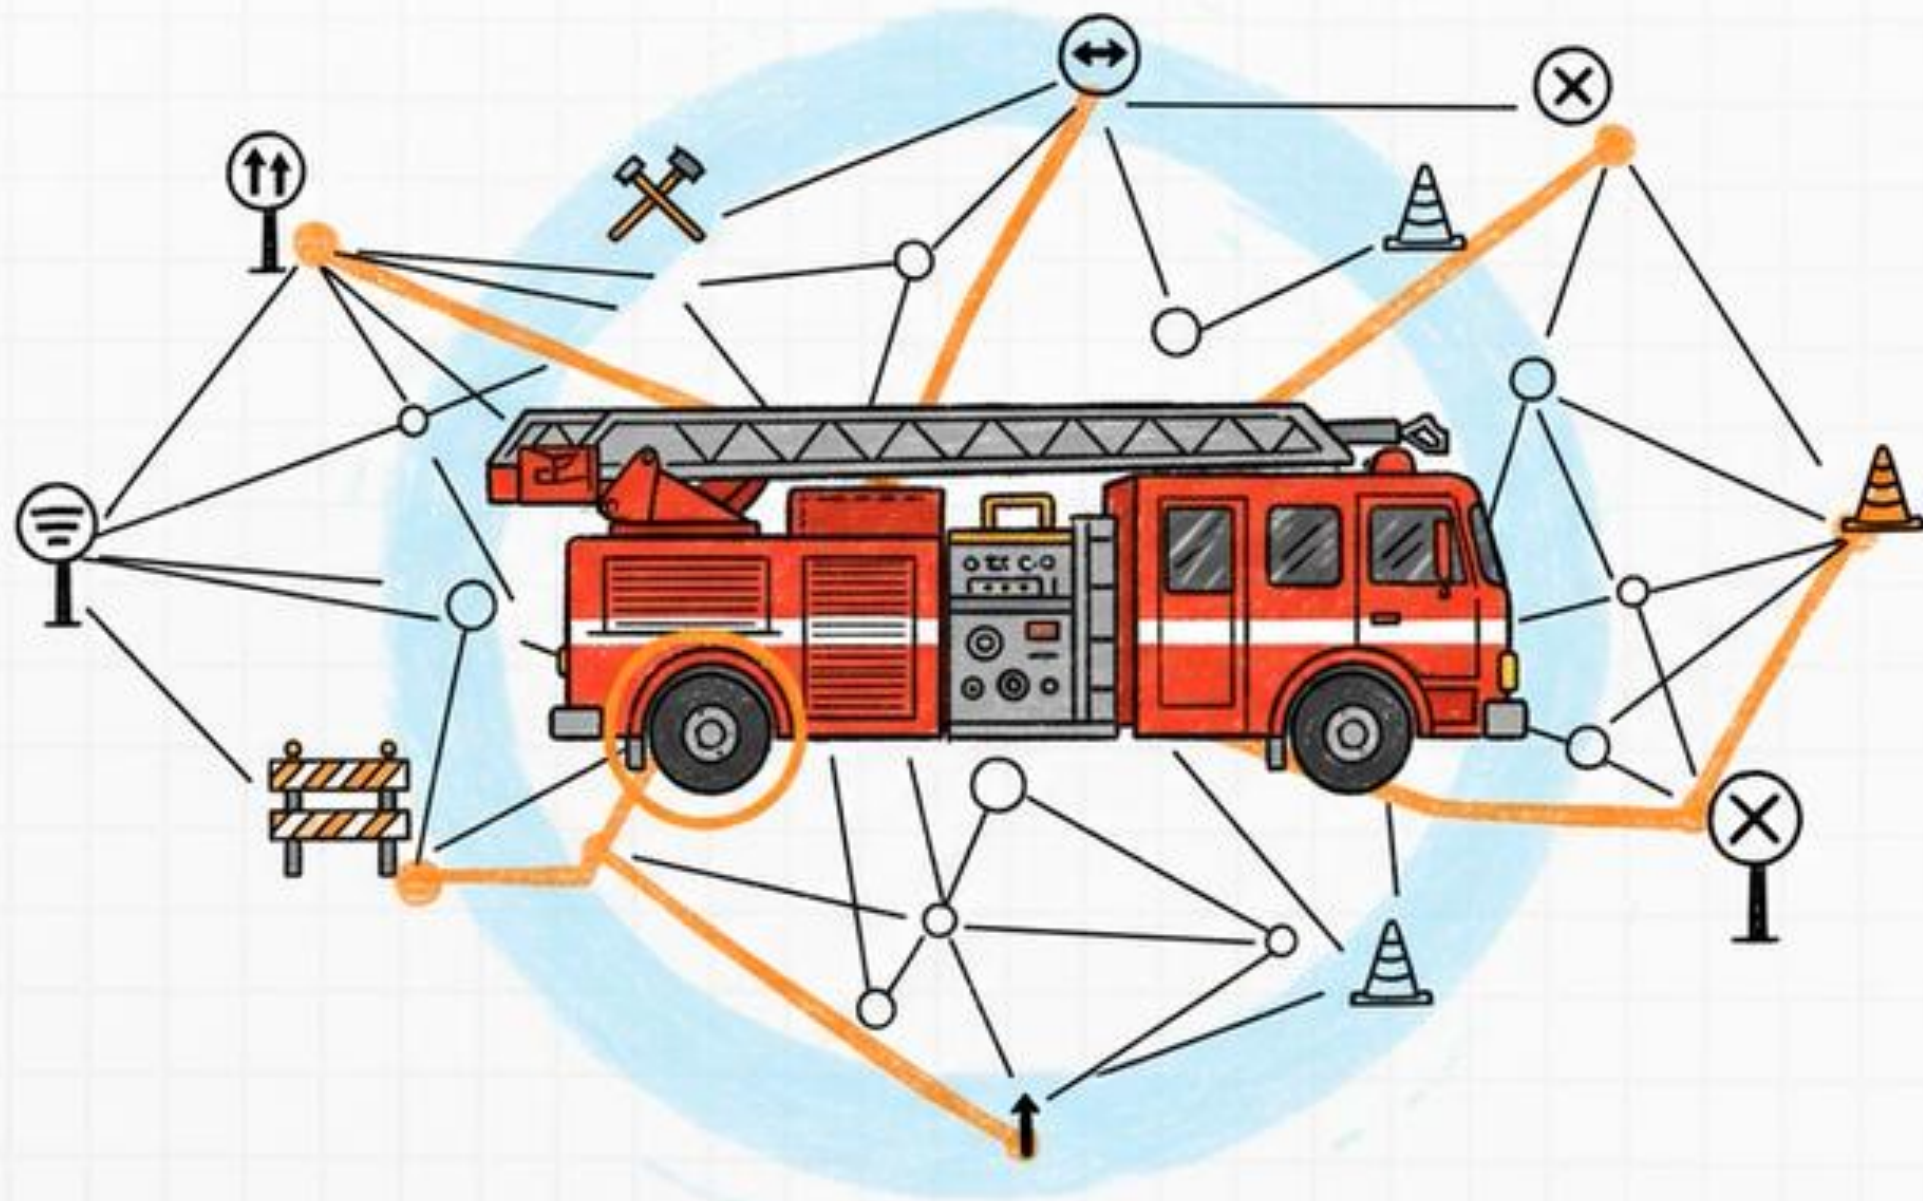

Golden Time Assurance System

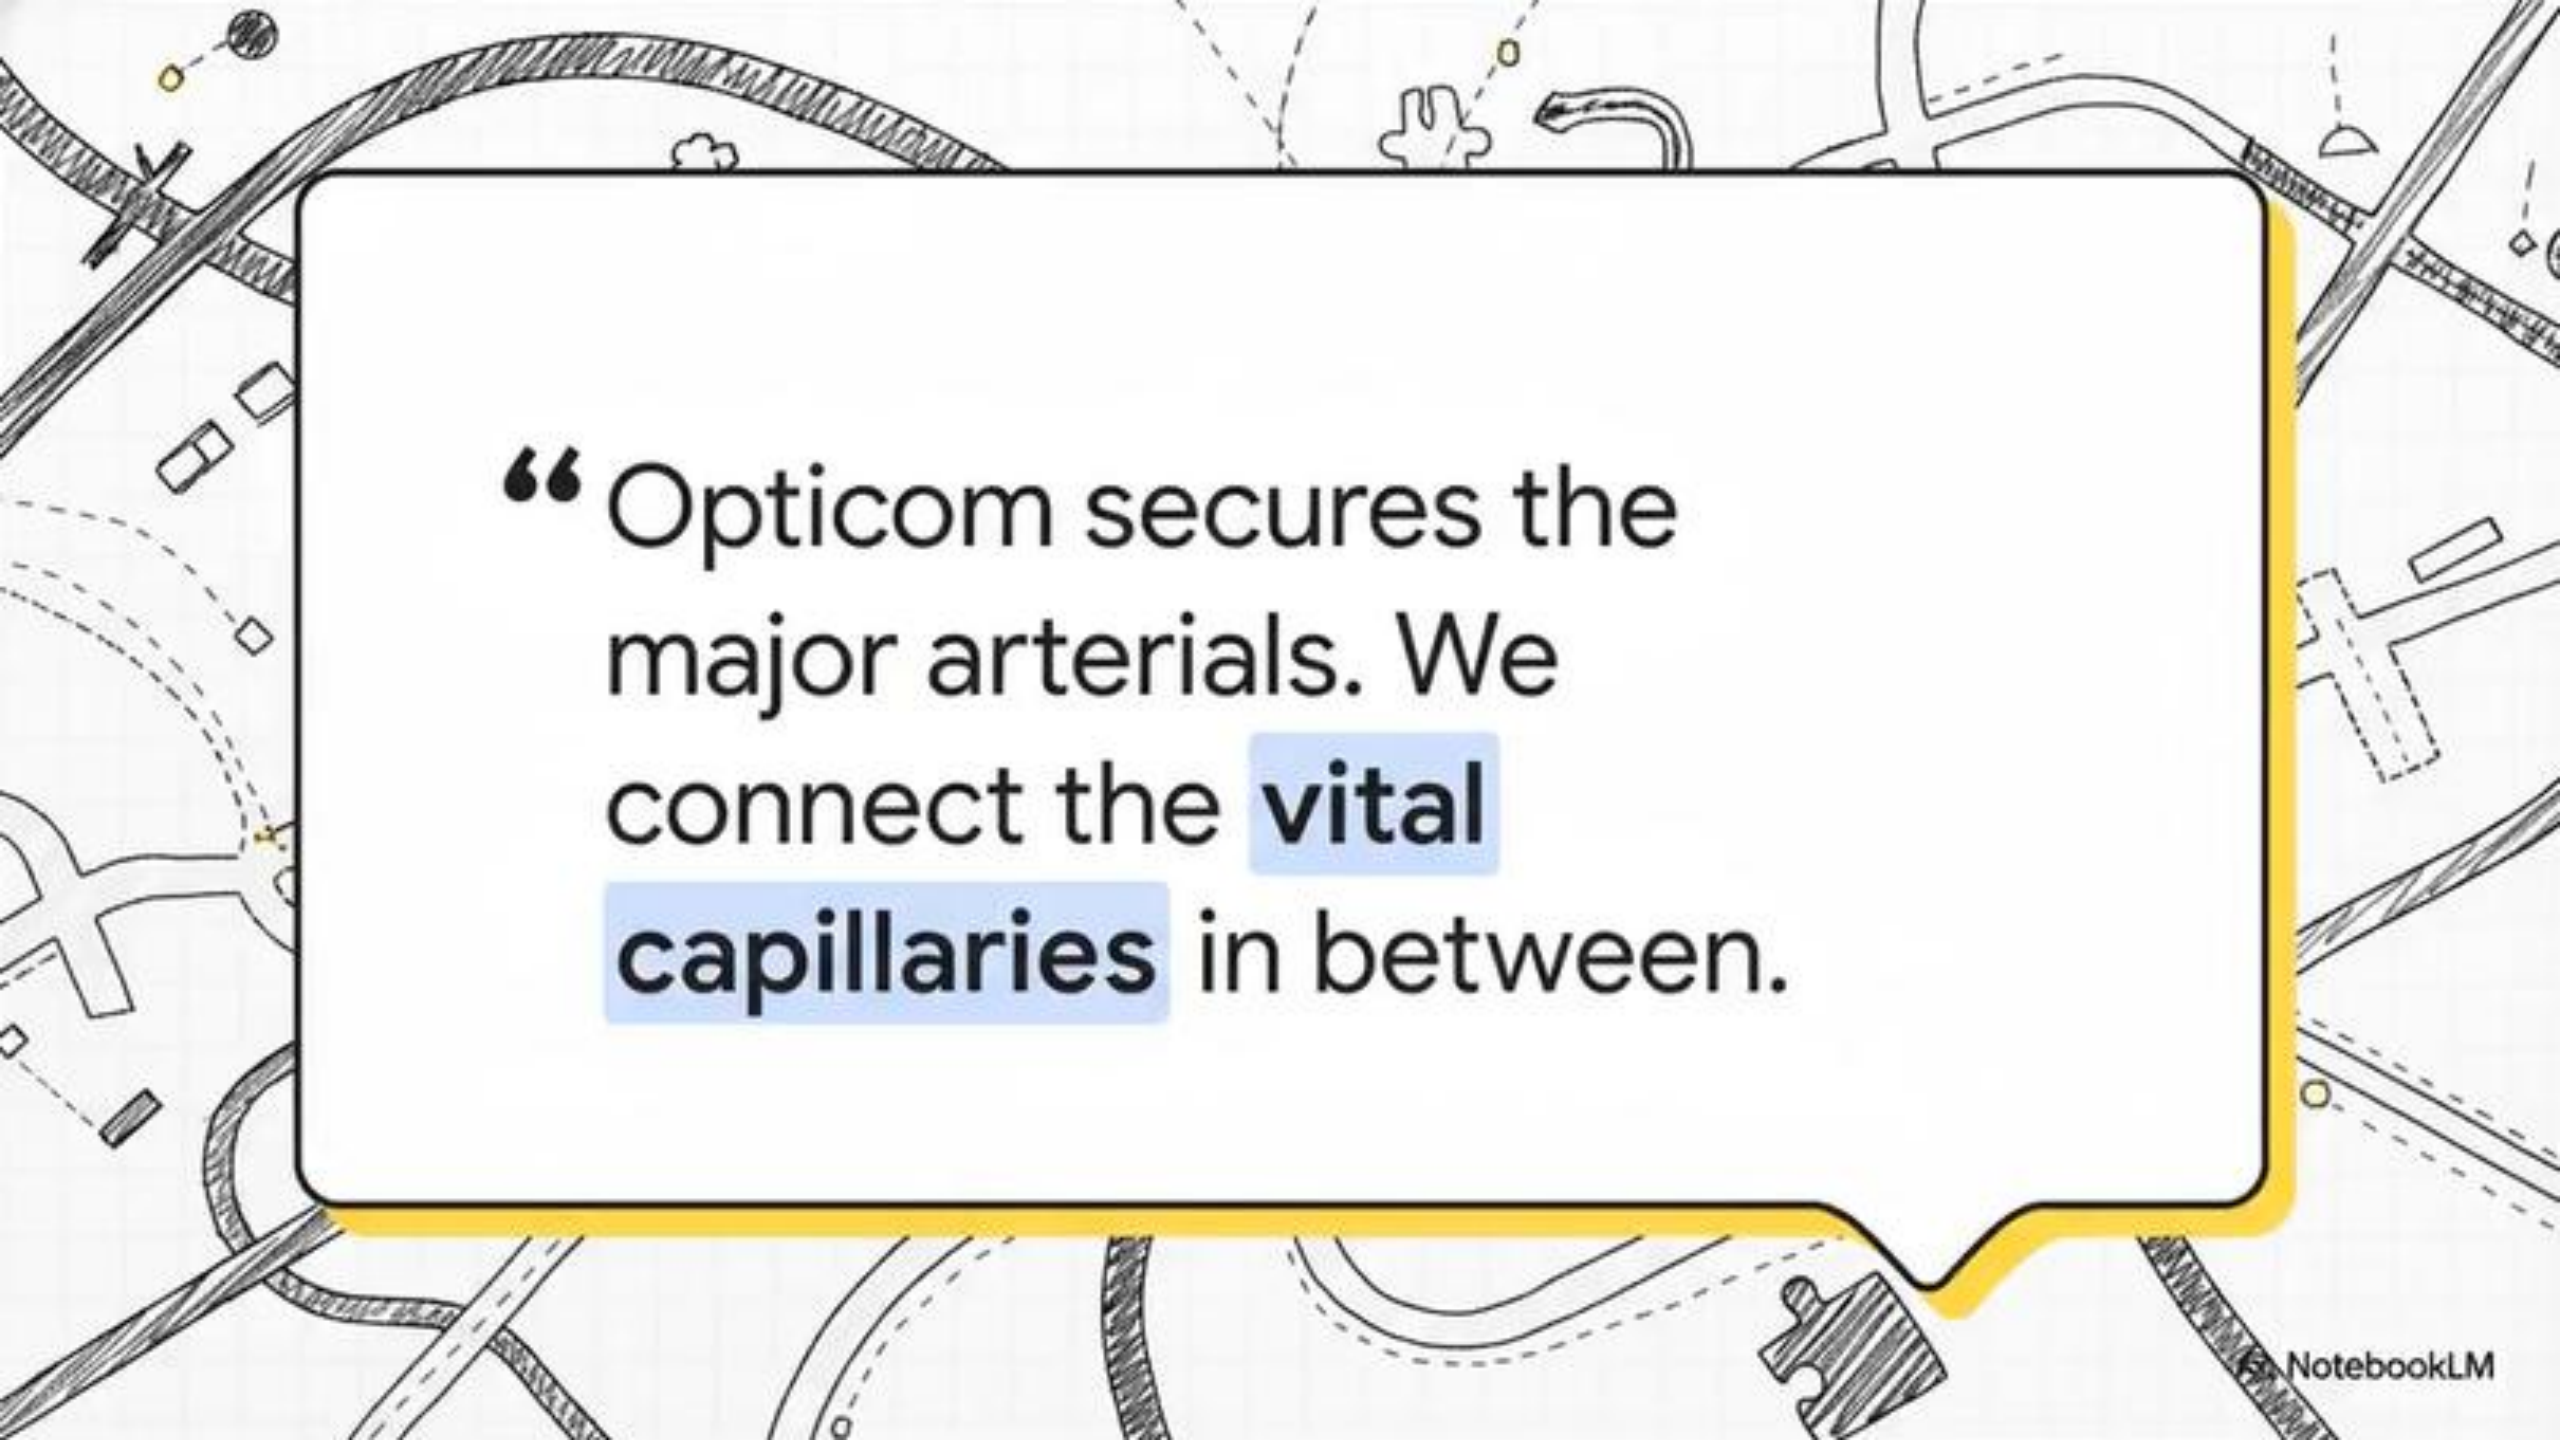

A smart-upgrade using AI and sound to control signals and create viable routes without new hardware.

Hearing the Approach

“Opticom secures the major arterials. We connect the **vital capillaries** in between.

Market Sizing: Emergency Vehicle Priority System
